The Early Childhood Council of Boulder County is here to help you with Colorado Shines QRIS and PDIS.

Haven't yet registered in PDIS, or need some help navigating the site? We can help you register, review the "Five Steps to PDIS Success," apply for your Early Childhood Professional Credential 2.0, and scan and upload your documents into the PDIS system.

Haven't yet updated your program information in Colorado Shines? We can help you learn to use this great new marketing tool and complete your QRIS application for a Level 2 rating—the next step to quality improvement and eligibility for funding for your program.
