Description

This SAT Prep class will provide students with 27 hours of preparation for the state-wide SAT test that all Skyline High School Juniors will take on April 10th. The SAT is used by colleges and universities to help determine acceptance. All Juniors will take an SAT practice test on February 7th and those results will be used in this class to improve areas of weakness. Tuesday class meetings will focus on the Reading/Writing sections and Thursday class meetings will focus on the Math section. This class will be taught by Skyline High School teachers. If you are in a spring sport, you will not be able to attend these sessions.
